Dear Kevin and Laurie,

Enclosed please find the payment for the 72 DigiKids kits you did for our school. The parents are very pleased with them. I feel so strongly about children's safety that I am happy to cover the cost of the kits with school money rather than require the parents pay for it. I appreciate the way you handle things in such a professional manner. You are so good with the children. When you came back for the make-up kits the children were excited to see you. Thank you again for providing such a necessary service to our school and the community.

Sincerely,

A handwritten signature in black ink, appearing to read "Bobbi Nichols". The signature is fluid and cursive.

Bobbi Nichols
