It is with the utmost sincerity that we here at Peevees Schoolhouse recommend the Digikids Child Safety Program. The program was unquestionably a success here at our school. The Digikids promoters arrived enthusiastic and on time which was more than we could ask for. Furthermore, the space that they took in the building was minimal and only students that had been registered for the program were to be taken out for a simple photograph making less than a bit of commotion. Moreover, we discovered parents and educators alike were very comforted to know that we took priority for their kids' safety as soon as they heard that we were supporting this event in-school. Once again, we would like to thank Digikids for the professionalism they displayed as well as the convenience and flexibility the program presented.

Sincerely,

Guadalupe Vargas

Director of Peevees Schoolhouse
